

April 15, 2022

To Students, Faculty and Staff Members,

Risk Management Headquarters (for COVID-19 Infection Control)
University of the Ryukyus

Notification: Shuttle Bus Service to Get a Vaccine at Okinawa Prefecture Wide Area Vaccination Center

At Okinawa Prefecture Wide Area Vaccination Center, **those who have a vaccination ticket** can get vaccinated **without prior appointment** from Friday, April 8.

It is expected that there are many people going back to their hometowns or meeting with their relatives during Golden Week; therefore, early vaccination is recommended to stay safe and secure to spend the holidays.

We, the University, will provide **mass vaccination at our university in the end of May**. We will also provide shuttle bus service from the university to the vaccination center for students and faculty and staff members to reduce the burden and to accommodate those who do not have access to transportation **from Monday, April 18 to Friday, May 20 (except for Saturdays and Sundays, b/t May 2 & May 6, May 17 & May 19)**.

We would like to take this opportunity to encourage students and faculty and staff members to receive the vaccination if they wish to do so.

For those who wish to get vaccinated at the center, please **register your preferred date at the following website (Forms)** to serve us as a guideline for vehicle operation. **You can get on board even if you do not register your preferred date.** However, please note that if the number of applicants exceeds the capacity of a bus, we may ask you to change the date of vaccination.

Please refer to the attachment for more details.

Registering Date : <https://forms.office.com/r/vEicZC3zPr>
