

COVID-19 Mass Vaccination at the University of the Ryukyus Procedure for changing the appointment for the 2nd dose

【Procedure】

【Procedure for changing】

Request : Please refrain from changing the appointment easily because vaccines are prepared for the exact number of amount needed. You may not change the appointment date depending on availability for your desired date.

1. Those who can change

Those who received the 1st dose of vaccine at mass vaccination site of the University of the Ryukyus and need to change the appointment date for the 2nd shot due to schedule change of a off-campus field course or being in a bad health.

2. Possible dates for change

Please select the 1st to 3rd desired dates from the following dates. If there is not enough slot for your 1st desired date, you'll be asked to choose either 2nd or 3rd desired dates.

You must choose a date between Sept. 9 (Thu.) and Sept. 17 (Fri.), which should be within a range of 25 to 31 days after the 1st shot. (colored yellow and orange in the right figure.)

※Reception hour after changing the date will be 10:00 to 12:00.

Possible periods for change of a date (The number in the box shows days between the 1st and 2nd doses/regular interval is 28 days.)
